The quality on them would be the same, Lace is always best in my personal opinion.

If you want those, please let me know how many ounces.

The military discount has to go through the ID checker on the home page for a code but ill do you one better. If you Venmo me \$90 (includes US shipping) @Pedro-81 ill get those out to you, and toss in a pair of warps.

If your up for it, please keep the venmo message simple like "thank you" as Venmo is not intended for business transactions.

You can provide me with shipping address and we will get those out for you.

Thank you

I love the lace version but if you think the velcro version is higher quality/performance, I'll take that instead.

Hi,

I'm a prior service member in the US Army. How do I get the military discount?

Thanks,
